- Partner Education Portals: Some authorized educational consultancies and secondary school guidance offices also facilitated access to the forms, especially for students in remote areas.

The Role of Kenya Universities and Colleges Central Placement Service (KUCCPS)

For students seeking government sponsorship, the application process in 2013 was coordinated through KUCCPS. The agency managed the placement and provided a centralized platform for applicants to submit their choices. For these students:

- They filled the KUCCPS online portal during the application window.
- The university's internal admission process then matched these choices to available programs.
- Successful placement results were communicated directly to students via email or physical notification.

Self-sponsored students, on the other hand, directly accessed Kenyatta University's application forms and procedures.

Challenges Faced During the Application Process in 2013

Despite structured procedures, applicants faced challenges, including:

- Limited Access in Remote Areas: Not all students had easy access to the university's physical forms or reliable internet connectivity to download forms online.

- Form Misplacement or Errors: Some applicants reported issues with incomplete forms or errors in filling, leading to disqualification.

- Processing Delays: High application volumes sometimes caused delays in processing and notification.
