Historical Background and Development

The Kougo version was developed by biblical scholars and linguists committed to translating scripture into kougo (colloquial language), which is the natural, everyday speech used by most Japanese speakers today.

This translation's development was motivated by the recognition that traditional translations often written in more formal or classical Japanese can create barriers for modern readers, especially younger generations or those unfamiliar with older language forms. The Kougo version aims to eliminate these obstacles by using accessible vocabulary, idiomatic expressions, and a conversational tone that resonates with modern Japanese speakers.

- Capturing the essence of biblical messages rather than adhering strictly to original Hebrew, Aramaic, or Greek syntax.
