Gibbs' second edition is rich with real-world examples, illustrating how theoretical insights translate into practice.

Case Study 1: Performance-Based Pay in Sales Organizations

The book examines how firms implement commission schemes to motivate sales staff, balancing risk-sharing and effort. It discusses pitfalls like overemphasis on short-term sales, leading to unethical behavior, and suggests mechanisms such as caps or balanced scorecards to mitigate these issues.

Case Study 2: Human Capital Investment in Tech Firms

The importance of training and continuous learning is highlighted through a case of a tech company investing heavily in employee development to stay competitive, revealing how strategic human capital investments can yield high returns.

Case Study 3: Contracting in the Public Sector
