Understanding the Violin Sonata: Definition and Historical Context

What Is a Violin Sonata?

A violin sonata is a multi-movement chamber work typically composed for solo violin accompanied by a piano or keyboard instrument. The form has evolved over centuries, initially rooted in Baroque dance suites before transforming into a more structured, multi-movement genre emphasizing expressive depth and technical complexity. The standard structure often features three or four movements, contrasting in tempo and character, designed to showcase both the violinist's technical prowess and the pianist's accompaniment.
